**WE NEED YOU**

**TO SECURE THE FUTURE OF KEDUSHAS ERETZ YISROEL**

Eretz HaKodesh is a movement created to protect kedushas Eretz Yisroel. They established a party slate in the WZO in 2020 upon the request of Gedolei Yisroel. The WZO is a board of Jewish representatives from around the world that wields serious influence and controls substantial funds that shape life in Eretz Yisroel and throughout the Jewish world.

Every five years, an election determines who represents American Jewry in this congress. In the last election cycle, Eretz HaKodesh received 20,000 votes from people like you, securing 25 delegates to represent Torah values in the World Zionist Congress.

This election cycle, the aim is for 100,000 votes because the stakes are higher. The opposition- woke left and liberal Jews- are working harder than ever to bring more of their representatives and change the face of Eretz Yisroel.

Our mission is to represent the needs of our communities in Eretz Yisroel, the USA, UK, France, and Latin America, ensuring that Torah perspectives are considered in decisions affecting Jewish communities globally.
