## פרשת ויקרא

With great love and endearment, 'ה to משה did call  
But משה was a big ענו so he wrote the letter א \_\_\_\_\_<sup>1</sup>

Children that are so pure without any sin  
From this פרשה that's also so pure, is where they \_\_\_\_\_<sup>2</sup>

First, all about a קרבן עולה the תורה does note  
It can be taken from cattle, a sheep or a \_\_\_\_\_<sup>3</sup>

Even a bird can be used – in the תורה we learn  
But no matter what you use – on the מזבח, it, you must completely \_\_\_\_\_<sup>4</sup>

A קרבן מנחה is much cheaper often brought by a poor man  
Made out of flour and oil, some baked in an oven and some in a \_\_\_\_\_<sup>5</sup>

The כהן would take a קמיצה and put it on the מזבח, and the rest can be eaten  
But not by anyone, it's קדשי קדשים, so only eaten by the \_\_\_\_\_<sup>6</sup>

And while there is much flour in the מנחה mix  
You must make sure that the מנחה doesn't become \_\_\_\_\_<sup>7</sup>

One more הלכה, to bring a מנחה properly without a fault  
You must make sure to add to the קרבן a little bit of \_\_\_\_\_<sup>8</sup>

A עולה is from the same type of animals as the קרבן שלמים  
But while the עולה had to be a זכר, the שלמים can also be from a \_\_\_\_\_<sup>9</sup>

And by a שלמים you only put on the מזבח the חלב and a little other meat  
But the rest to the בעלים it was given to \_\_\_\_\_<sup>10</sup>

One more type of קרבן we will discuss  
If a person does an עבירה by שוגג he should bring a \_\_\_\_\_<sup>11</sup>

If the כהן גדול makes a mistake – I'm sure it causes him much צער  
He brings a special קרבן – this חטאת is from a \_\_\_\_\_<sup>12</sup>

Another type of קרבן חטאת we will now cover  
If a שונהדרין taught a wrong הלכה, it's called a \_\_\_\_\_<sup>13</sup> פר העלם

There's a הלכה by all קרבנות – you must do if you're from  
To make sure that the animal doesn't have any \_\_\_\_\_<sup>14</sup>

We hope to bring קרבנות soon may that time come in a rush  
When משיח comes and we rebuild the \_\_\_\_\_<sup>15</sup>

But while we can't bring קרבנות – שכר like we brought one, we can earn  
When all about the קרבנות we do \_\_\_\_\_<sup>16</sup>
